

## Tennessee Tech Athletics Notification of Transfer Form

Per NCAA Bylaw 13.1.1.3.1, a student-athlete may initiate the notification of transfer process by providing his or her institution with a written notification of transfer at any time. The institution has two business days to enter the student-athlete's name in the NCAA database.

---

I understand that my scholarship can be removed at the end of the semester if I choose to enter my name in the transfer database, and even if I request to remove my name from the database, my scholarship may still be removed from my account at the end of the semester.

I also understand that my coach may dismiss me from the program once I enter my name in the database. If I am dismissed from my team, per TTU Policy I may retain the use of Academic Services, with the exception of tutoring services, absent extraordinary circumstances. I will have access to Sports Medicine resources for any injury that I received while practicing or competing for Tennessee Tech Athletics. I understand that I will not have access to any Department of Athletics facilities (Athletic Performance Center, Hooper Eblen Center, etc.) for physical training purposes.

I understand that I will not receive the one-time transfer exception (if I participate in a sport that is eligible for the one-time transfer exception). Should I request to appeal that decision, my appeal must follow TTU Policy 909.

Having read the above, in signing below I am requesting initiation of the notification to transfer process.
